Synopsis

Skeleton Key Book Series One Skeleton Key. Endless

Adventures. <https://skeletonkeybookseries.com> Ava Green has made a name for herself in the real estate world by reconditioning old, historical homes with her partner and friend Jeff. But her newest project, a three-story Victorian in the foothills of the Blue Ridge Mountains, promises to be her biggest moneymaker yet. And one sheâ€™s undertaking on her own. During her first walk-through of the house, however, she discovers a locked door, and a skeleton key that seems to appear out of nowhere. Unlocking the door, she is transported to a mystical world of fae and mythickal creatures and meets the King of the Morna. The sovereign of the Dark Elves. King Finn Sylcan has searched for the one who can bring the magick back to his world, Edra, for eons. An old prophecy told of a female of both Dark and Light elven descent, a hybrid both Calim and Morna. It is said she is the only one who can repair the damage the war between the Dark and Light kingdoms caused. But after searching for so long, Finn never dreamed that sheâ€™d just show up outside his palace walls. Or that sheâ€™d be his mate.

Royal Enchantment Skeleton Key by Lia Davis • Lia Davis was one of my favorite romance writers and she is such a great author. I loved reading her Ashwood Falls series and this book has become another favorite. If you like Elfin romance you won't be disappointed. Reading her books will make you feel as if you have escape into another fantasy world. The characters are exciting, sexy and strong. Ms Davis allows you to share their highs and lows. Her books allows you to make new book friends. I love the magic in their life. The storyline is magical and heartwarming. But the story is full of suspense, twists and turns. I absolutely enjoyed reading this book. I couldn't put my tablet down. It's compelling from the first page to the last page. Take it from me the characters are engaging, fabulous, sexy, witty and fantastic. The dialogue is passionate, realistic, and you will love the interaction between the main characters, the chemistry between the main characters is so scorching hot! This is a awesome starts to a another great series. I received a copy for my honest review. I want to give you just a small taste of this must read. Excerpt From: Royal Enchantment Skeleton Key by Lia Davis. This material is protected by copyright. She opened the door again and let it swing wide. Holy crap. There really was a forest in one of her upstairs rooms. Well, she had asked for the earth to swallow her. She laughed at her attempt at a joke and stepped through the door. Once she crossed the threshold, the door vanished behind her. Whirling around, she scanned her surroundings. Nothing but trees, bushes, and a whole lot of nature. The house was gone. Everything was so green and full of life, almost magical. I'm definitely not in Georgia anymore.
