Customer Reviews

I am in love with this book and the story of Raul and Eleria. Seems she has a Destiny that he may not be able to be a part of. It has kept me wanting more. Such a great series I have read them in 3 weeks and cannot wait for the next.

Just when you think EM Knight can't outdo the last book, it happens, AGAIN! With this book I'm left on the edge of my seat, chewing my nails and pulling at my hair waiting to find out what happens

next! Everything is coming together nicely, and it all rolls together on every end. The details put into this book are amazing and there are not one loose end in all the different areas. Its just a genuinely great book all around!!

I am so excited!! Throne of Dust was amazing! Very fast paced, many many twists and turns! I am elated that when I read The Vampire Gift books that I never know what direction the story will go. It is always unpredictable and I LOVE that your books are always written with that in mind. Thank you for creating the books that keep my mind in a world that can catapult my imagination to anywhere without limits!E.M. Knight

This is an awesome series. You never know which way the story is going. Very thought out and written. This series has captured and held my attention since the first book. Looking forward to reading more.

AS the first book it pulled me in and although I kept trying to put the book away to accomplish other task...I wanted to know what was going to happen next with each of the characters.Waiting for the next one. :)

I adore a good paranormal romance. "The Vampire Gift" delivers in an intricate and suspenseful fashion. I really enjoy the manner in which each character is developed. I am anxious for the next installment.
