## Synopsis

From workersâ™ housing to the grand homes of industrialists, prosperous Hartford experienced an explosion of Victorian building that turned this capital city into a rich mixture of culture, beauty, and business. The capital of the insurance industry, Hartford was also home to the first public art museum, the Wadsworth Atheneum; the first municipal rose garden, Elizabeth Park; and colossal factories that produced Colt firearms, typewriters, sewing machines, and even the first automobiles. Victorian Hartford showcases the cityâ™s great architecture through historic images, some of which are the only evidence of the cityâ™s former grandeur, and provides glimpses into a world long gone.
