Having known Suzanne personally for the past few months, it doesn't surprise me how mouth watering these recipe's are. Suzanne has compiled a diverse array of delicious recipes that anyone with IBS can enjoy without fear. The individual food lists, plus advice and tips she includes around diet are enough to set anyone's mind at ease as to whether they can relax and enjoy eating again comfortably. She didn't have to include this material but she did. As a bonus the photography is stunning but as a necessity the recipes are easy to follow. Personally the cheese biscuits can't be made fast enough. They look and sound amazing!

Not only does Suzanne Perazzini have a talent for creating delicious low-FODMAP recipes, but she

also has a knack for taking beautiful food photographs. 'Low-FODMAP snacks for IBS' has so many amazing recipes accompanied by lovely pictures that will make eating a special diet easy...you won't have to feel deprived with these creative and tasty recipes. This book also includes lists of low-FODMAP foods, tips for doing a low-FODMAP diet and more, which is so helpful if you're new to low-FODMAP. I can't wait to try the banana pancakes, carrot cake muffins and lemon bars. Yum!

A treasure trove of delicious recipes that are gut and palate friendly. Beautifully photographed and full of valuable advice, this book is a must have for anybody considering the low fodmap diet....or not. This book is truly for every food-lover out there! Thank you Suzanne for creating these wonderful recipes, I love them all!

Just a wonderful compilation of ideas for snacks and luncheon ideas. Suzanne is from New Zealand so some ingredients are unavailable to me in US. But I managed to work around those differences and have made some fun recipes. Easy recipes can be found, as well as difficult.

I like how the recipes are very easy to follow. Some cook books require an absurd amount of ingredients to make their dishes but this is good food with reasonable ingredients!

This book came just in time! I am considering going low FODMAP for some time, because 18 months on GAPS didn't solve my digestive issues, but for some reason low FODMAP seems way more daunting to me, so I am postponing. I hope this book will help me to start! It looks great, beautiful pics and lots of interesting recipes I'd like to try!
