## Customer Reviews

Many great scriptures and prayers, however, the author failed to proofread or edit the book. There were so many grammatical errors that it became hard to read at times. I realize that complaining about help with prayer doesn't quite seem right! I am truly grateful the author took the time to put this out.

I had trouble putting into words what I wanted to say to God my Father. This book helped me a great deal in phrasing my thoughts properly. Thank you for great examples of prayers.

This book is a great reference for those who are learning to pray. I would recommend it to all who are new in Christ.

This was a great book for on the go words from God. To lift your spirits and to give you inspiration. I loved it.
