A Galactic Easter! (Galaxy Zack)

Synopsis

Galaxy Zack has some "sweet" competition in this Easter-themed chapter book adventure! Zack and Drake venture to Gluco, the candy planet, for some Easter fun. Once there, the two friends decide to compete in activities, including an egg toss and a three-legged race. Zack remembers how he used to win all the Easter competitions on Earth, and he is determined to win them on Gluco, too. With the contest so close, Zack begins to wonder if he should cheat to ensure victory. Will Zack have to choose between playing fair or coming out on top? With easy-to-read language and illustrations on almost every page, the Galaxy Zack chapter books are perfect for beginning readers.

Age Range: 5 - 9 years

Grade Level: Kindergarten - 4

Customer Reviews

review by Connor C., age 7, Boston MensalIn the seventh book of the Galaxy Zack series, A Galactic Easter, Zack is going to Gluco for Easter with his family and best friend, Drake. Gluco is a planet made of candy! The flowers are lollipops, marshmallows, and bubble gum. There are jelly bean plants and licorice trees. There's a river made of caramel with a peppermint bridge. This is an easy chapter book with cute and funny illustrations on every page. I think that the age range should be 4-9. It's a huge range but little kids will love the book and older kids who read beyond

this level will still like it because it's fun. There's an egg decorating workshop where you call out colors then trace a pattern with your finger on a metal machine with a real egg inside. When you are done, you press a button and an egg comes out decorated exactly like you painted on the machine. In the Easter race course games, Zack and Drake use findex devices to locate metal eggs in a maze. The findex devices shoot a red laser to detect where eggs are. Zack and Drake won an Easter egg-shaped machine that gives you whatever candy you ask for. After Zack got candy for himself and Drake, he shared the candy-giving egg with the other contestants. There is also a message for children in the book. When the final event comes up, Zack wants to cheat to win. His best friend Drake is surprised and a little angry. He tells Zack, "cheating is worse than losing." Zack decides that that Drake is right. They don't cheat but they win and they feel proud. This is a 5 star book! It is awesome! I wish I could go to Gluco!

Ordered the kindle version and cancelled as there are so many little things on Laurie's pages that you need to have the book in hand. Arnie the Donut was recommended to me and I have purchased most of Laurie Keller's other books. My grandson, 7, loves funny books and hers are the best hands down!

What better birthday present than a book from a favorite author or series. Our grandson loved it and read it the same day he received it.

My seven year old son loves this series, and this one was no exception. He says it's great! Very fun read.

My 7 year old son loved this book. It was a bit of an easy read for him as he read it in one afternoon.

My son read the book and enjoyed the comedy.
