Demian: The Story Of Emil Sinclair's Youth (Penguin Classics)

Synopsis

Demian is a psychological masterpiece of modern literature. This novel explores the duality of human nature and the alienation of man's soul. A powerful coming of age story.

Customer Reviews

Great story of coming of age and feeling a sense of oneness to the connected natural and spiritual world. There were many great characters and interesting philosophical observations along the way. The introduction by James Franco seemed a bit disconnected to the book itself and self-serving, but the other introduction (by which scholar I have forgotten) was wonderfully researched and well written.

Herman Hesse is like coming home. I was fascinated to learn this predates Siddhartha and that it is not better known as it seems to surpass even the subtle introspective epiphanies in that novel.

Very well written and enjoyable book. It is not for small children despite the short length as it is rather complex and has varying levels of meaning.

Good quality and got here quickly, not to mention a very interesting book.
