# Construction Staking: Step By Step Guide (Surveying Mathematics Made Simple) (Volume 13)

## Synopsis

This book is a step by step guide on what type of stakes are needed and how to set them for a construction project. Items included are Slope Stakes, Ditches, Minor Structures, Major Structures, Water, Sewer, Dry Utilities, etc. There is also included a special section on using Grid vs Ground coordinates for staking.

## Book Information

Series: Surveying Mathematics Made Simple

Paperback: 56 pages

Publisher: CreateSpace Independent Publishing Platform; 1 edition (May 26, 2014)

Language: English

ISBN-10: 1499680163

ISBN-13: 978-1499680164

Product Dimensions: 5.5 x 0.1 x 8.5 inches

Shipping Weight: 4.3 ounces (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars [See all reviews](#) (6 customer reviews)

Best Sellers Rank: #105,033 in Books (See Top 100 in Books) #8 in [Books > Engineering & Transportation > Engineering > Civil & Environmental > Surveying & Photogrammetry](#)

## Customer Reviews

This book is more of a booklet and is geared more towards the beginning professional or toward a surveyor's helper. It is a mix of very basic instructions and esoteric survey language. I find no fault with the advice and techniques but it is not a stand-alone book that will teach the novice how to do layout; its more geared toward the beginning professional who needs a handy reminder/refresher on layout. It probably works best as a part of the whole set which it is. I could see this entire series being rolled into a text book with each booklet becoming a chapter.

Good Basic Introduction

great book for my library
