Small Animal Ophthalmology: Self-Assessment Color Review (Veterinary Self-Assessment Color Review Series)

Synopsis

This book provides systematic coverage of small animal ophthalmology via randomized self-assessment case presentations: integrated questions, superb illustrations, color photos, imaging, diagrams, tables, and detailed explanatory answers. The authors have emphasize the more common ophthalmic conditions presented to veterinarians in practice with 251 illustrated cases. The differential diagnoses, examination techniques, and therapies for these ocular conditions are discussed within specific cases.

Customer Reviews

This text is entirely case-based, with high-quality photos associated with nearly every case. Could not be a better quick exposure to veterinary ophtho. The entire series of self-assessment texts is excellent.
