MSCN Exam Preparation 150 Test Review Questions: Practice The Same Number Of Questions As In The Actual Multiple Sclerosis Nursing International Certification Examination (Pass MSCN Exam!)

Synopsis

This book, *The MSCN Exam Preparation: 150 Test Review Questions* is designed to simulate the content and number of questions you will find in the actual Multiple Sclerosis Nursing International Certification Examination. My goal for creating the book is to give you, the MS certification examination candidate, the opportunity to have a full 150 Practice Test Questions in one place, so as to simulate the same number of questions present in the actual certification examination. These questions are prepared with the blueprint of the Multiple Sclerosis Nursing International Certification Examination handbook in mind. The questions are designed to cover required exam content areas, as outlined in the MSNICB Exam Handbook. A review and proper use of all 150 test practice questions will definitely enhance comprehension and retention of relevant exam content material. This book is meant to provide you, the Multiple Sclerosis Nursing Certification Exam Candidate, with tremendous value, to help you prepare, in the best way possible, with the best tools on hand, to increase your chances of Acing your certification exam! It has been proven that effective use of test review questions when preparing for nursing certification exams, can help increase the chances of having higher test scores. These 150 Test Review Questions, along with my other book: *Multiple Sclerosis Nursing International Certification Examination: A Step by Step Guide on How to Prepare for and Pass the MSCN exam*, are designed with one goal in mind: to help you, the MS Certification Examination Candidate, prepare for and PASS Your Exam at the Very First Attempt!

Customer Reviews

This is such a great study guide for me, I really had to think hard and concentrate on the answers. My only problem was the size of the print, WOW! It is tiny. I am not exaggerating when I say that a magnifying glass is not an option, it is a necessity! You will be surprised at what you get for your money. I really feel this will help me with the certification test (if I can see when I am finished studying).
