Customer Reviews

The pieces in the book are great. It provide short pieces of famous classical music. As an adult learner, I really enjoy it. I hope the publish can work on a CD or DVD of the music, it is so much easier to learn to play the piece on cello if I am familiar with the tune.

I know the product. These books are useful as you each instrument has a melody and harmony line. The harmony lines of the combined instruments make great ensemble arrangements.

Love this series! Perfect duets for recitals and students who have played for a year or two.
