Customer Reviews

Thank you for making this book! I love that you put your time and effort into making this book for the world and me! I truly enjoyed it! It made me smile, and I enjoyed coloring in it as well. I am pleased also that it arrived so quickly! This is a great idea. You can color your swear words, and smile, and enjoy thinking about who you're cussing at while you're coloring! Truly wonderful idea! Thank you so much!

WASTE of money!!! Designs don't fill the page and some of the 'art' (?) work looks like a kid trying to do graffiti.....I'd give it ZERO stars if I could....The word on the cover says it all...it's BULLS***!!!

only 14 pages and they are mostly blank...not worth the \$5! pages are very thin! do not buy!!!!

The first half of the book was pretty nice. I really don't consider Dweeb a swear word. The second half of the book seemed like they got tired of drawing the designs. The pop art style wasn't even level as far as the art rules of perception go. It also clashed with the floral theme at the beginning of the book.

Not what I had hoped it would be at all. I've come to the conclusion that buying adult coloring books online without being able to hold it in my hand and look at the pictures myself is a bust. I've bought a few and am just not happy with the pictures when I see them in person. Being that it's a personal preference, I hope not to deter others from buying them online. Happy Coloring!

This book is humorous and cathartic! I went to a friend's coloring/wine night and we colored all of them! It was fun to assign a particular theme to each one, e.g. That one time my lovely ex washed my favorite sweatshirt with a red t-shirt and now it's *%#^& pink! %\$#\$ me! This is all good fun and the designs are great. Keep 'em coming!

Cute! Not very big of a coloring book though. I got it for a gift and my friend loved it!

This book has images printed on both sides of the paper - which isn't ideal if you press hard or use markers that may bleed. There are actually only 14 pictures to color, which I found to be very small considering the price. The images were great though - some simple and some detailed. Just doesn't seem like a good value.
