Customer Reviews

Very clearly written and user friendly. Complex ideas are well articulated. The best-and only-historical treatment of learning theory. New illustrations!

Text, language, and coverage of learning theories are clear and well-written. Quality of the book is horrible. The pages started falling out after about 2 hours of reading (was purchased new). I now have the chapters stapled together separate from the binding.

facinating book I was supposed to teach this course, theories of learning but the course did not carry there was not enough registration

Nice book.

I'm so disappointed, I receive and it was the wrong one. The say fundamentals of human resource management. But the label in the back Introduction to LearningIM PISS
