The Cthulhu Wars: The United States? Battles Against The Mythos (Dark Osprey)

Synopsis

From the Patriots' raid on the necromancer Joseph Curwen to the Special Forces' assault on Leng in 2007, this unique document reveals the secret and terrible struggle between the United States and the supernatural forces of Cthulhu. In this war, immortal cultists worship other-dimensional entities and plot to raise an army of the dead. Incomprehensible undersea intelligences infiltrate and colonize American seaports, and alien races lurk beneath the ice of Antarctica and high in the mountains of Afghanistan. It is only through constant vigilance and violence that the earth has survived. Also included are threat reports describing the indescribable ? humanity's deadliest foes serving Cthulhu and the other Great Old Ones. Strange times are upon us, the world is changing, and even death may die ? but, until then, the war continues. Customer Reviews

Love this book. It is very fun and fluffy and a perfect companion for any pen and paper RPG or even miniatures based RPG games. This book will be a staple in my future game writing plots for the foreseeable future.

Almost a little too silly for my likes. Having an interest in the genre, and being a fan of most Osprey publications I felt it was worth the cost, but not one I found myself wanting to read from cover to cover. I would have enjoyed it more had they kept it to a specific period rather than trying to cover all of the history of the United States, or so it seemed. Personally I think WWI or WWII only would have made it a much better booklet.

Ken Hite, Lovecraft, American History, it's a perfect intersection. My only issue is that he's so good at connecting dots I can't find the line between history and fiction, which makes me go do more research. It's hard to fault a book for inspiring more reading.

Another interesting alternate history read. Good inspiration for Wargamers and RPG Gamemasters who want to involve Cthulhu mythos into their eras.

This is a light alternative history that can be used for inspiration in any era Cthulhu game. I am glad I purchased it.
