Information For Foreigners: Three Plays

Synopsis

One of Latin America's most important and prolific writers, Griselda Gambaro has focused on the dynamics of repression, complicity, and violence--specifically, the terror of violent regimes and their devastating effects on the moral framework of society. *Information for Foreigners* is a drama of disappearance, an experimental work dealing with the theme of random and meaningless punishment in which the audience is led through darkened passageways to a series of nightmarish tableaux. The collection also includes *The Walls* and *Antigona Furiosa*.

It is a bunch of good reads, but thought it was going to be in spanish. Its in english and I feel like the authors true taste doesn't shine through in this language. Wish it had been made clear that it was in English. Clean copy and excellent condition .
