Unplanned (Single Candles Book 3)

Synopsis

About Unplanned Ashley and Kevin are high school juniors preparing for the bright future ahead of them. But when Ashley becomes pregnant, that future is suddenly thrown into jeopardy. Kevin, unsure what his role should be seeks advice from others while Ashley receives unanimous, though unspecific support from her friends and family. With answers scarce and options unclear, the two must make a decision that could change their own lives and dictate the future of their unborn child's. In a world that bombards young people with the message of "choice" • how will these two react to the greatest challenge they have ever faced? About Single Candles Single Candles is a series of fictional short stories exploring pro-life issues in modern America. In a culture that devalues the human person, the pro-life movement has long faced an uphill climb. While fictional, the stories in Single Candles are examples of the real ways we fight to protect life from conception to natural death. Cover by Frankie Photography
