Recommended!!! Great handbook for students - especially when writing college papers!

This book is amazing. I had it for English comp 121 and use it for every major essay I've had to write ever since. It's an amazing guide.

just as described. love the subject/part tabs that make it easy to find the sections you are looking for.

love all the great detailed subtitles for the keys for writers. it helps me throughout my composition classes and others.

An excellent book for new researchers. Good guidance for doing research. My students like it. Hope readers will learn a lot from it. Just try , you will find its value

It is easy and convenient to read on line, this book shows a lot of information to writers, really helpful.

If you're having to attend Thomas Edison State College, and this is your required reading material, well, sucks to be you, you just enrolled in quite possibly one of THE worst colleges in existence.

Good luck with that.
