Customer Reviews

White Wolf has forged a new historical setting for their new vampire roleplaying game. It is absolutely gorgeous in production values, its in color and beautifully illustrated to capture the feel and mood of the late Imperial decadence of the Fall of Rome. It provides a cadre of NPCs for quick insertion and story seeds that players can follow or ignore as they wish without detracting from the flow of the story. Included are supplemental rules that can be used by storytellers to capture the feel of the period.
