Great text, makes buying a casebook for Wills & trusts unnecessary. My professor required that we buy this book and nothing else, although I imagine not all professors are so kind.

Very helpful condensation of all the cases in the book that it is keyed to. Does not contain some of the more helpful explanations that can be found in the keyed textbook though.

Casenotes is a must for all Law Students. The front cheat sheet I look at when listening to Law Professors Audio tapes.

Casnote Legal Briefs are the most helpful tools in legal classes. Highly recommend this series.

Perfect, just perfect for helping me prepare an outline for studying.

Helped me deal with those long cases!
