Fates : I Bring The Fire Part IV: The Hunt For Loki Is On

Synopsis

~ The Continuation of the USA Today Bestselling Series ~The Leader Who Rules Chaos, Rules the Realmsâ [Two years ago Loki, God of Mischief and Chaos, destroyed a large chunk of Chicagoâ ™s financial district and then vanished into thin air. He still has not been found. Odin, ruler of the Nine Realms, is desperate. To find Loki, he sends his son Thor on a dangerous quest to consult the all-seeing Norns. But Thor needs humanityâ ™s help...Lokiâ ™s former lover, veterinarian Amy Lewis, is carrying all of Lokiâ ™s memoriesâ ™but missing some of her own. Hoping to keep Loki from Odinâ ™s machinations, she agrees to help Thor on his journey.Bohdi Patelâ ™s memory was wiped by Lokiâ ™s mischief. He thinks Amy and Thor are both crazy to want anything to do with Loki. But he needs to find his parents, and heâ ™s been told the Norns will answer any questionâ ™for a price. When Chaos is the goal, only one thing is certain: Amy and Bohdi are about to get into worlds of mischief.THE I BRING THE FIRE SERIES: I Bring the Fire Part I (Free eBook!) Customer Reviews

I went immediately from book 3 to 3.5 to 4 (this one). It was a good decision. I will admit, I felt the frequent and long flashbacks were overload at the beginning of Fates. I wanted to know more about present-day characters. Maybe if the flashbacks had been trimmed down and if we got more present-day between them, my initial response to the book would have been better. However, after our characters get off-world, it smooths out. It's nice to see the dynamics shift between Amy and Bohdi. And getting to see Amy interact with these characters she's had flashbacks of was satisfying. Most of the book is devoted to Amy and Bohdi and a string of unfortunate, impossible events. Steve gets a little time but it is utilized well, as his character starts to develop in some promising ways - straight-laced government man was starting to get wearisome. It's neat to see Gockel using the concept of trinities in the series and we get some interesting parallels between Odin/Loki/Hoenir and Steve/...well, maybe filling that out would be spoilers? In any case it's enough of a presence to tease and intrigue without distracting or getting heavy-handed.*Spoiler-foreshadowing*The raw human component which is so compelling throughout this series is still present in Fates, but I think with Loki being a less defined entity (Where is Loki? Who is the new Loki? What will it all mean? How will new Loki deal with his identity and will he be affected by Amy's housing of his memories...was it a copy/paste or more of a move-all-to-a-new-location?) this makes his angst, richness and depth fade. Instead of being felt by the reader, it is discussed by the characters. It is a helpful perspective for the reader to have, but it doesn't have the emotional payoff in this book like you feel in the others.
