Customer Reviews

The Hillbilly Housewife has written another keeper cookbook called Pie Recipes From Scratch as her cookbook contains a good selection of new and old pie recipes. At the start of her cookbook the author, Susanne Myers, writes about pie making basics. She offers her recommendations on how to select pie pans, tips on how to make a good pie crust, and how to make pie crust in advance. Her cookbook includes some of the following recipes: Jefferson Davis Pie Rum Custard Pie Stewed Apple

PieCranberry Raisin PiePeach Orchard PieFarmhouse Lemon Pie (I plan to make this for dessert tonight)Sweet Garden Green Tomato PieThere is an interactive table of contents making navigation easy.Recommend.

Pie without any preservatives or artificial sweeteners, etc. Very good selection of pies that are healthier for you. Small pamphlet, but is all you need.

I am a big fan of Susanne, the Hillbilly Housewife Site and her many cookbooks.This cookbook has clear, concise directions for making wonderful pies. I findthe smaller cookbooks easier to use on my Kindle. It is so much faster to findthe recipe I'm looking for than in a larger cookbook. I like to make deserts forthe weekends and holidays. My family seems to eat less processed snack foodif they have homemade pies and deserts weekly.

Easy to make....yes.....god to eat.....no. If you like recipes that are fast and easy, this is the book for you. If you like eating deserts that are diabetes inducingly sweet, this is also the book for you. I made 4 recipes listed in the book. I even had 3 tasters other then myself. They all agree.....much too sweet.

Once again, i am not disappointed in my choice of the Hillbilly Housewives series. Clear concise instructions, great recipes, well formatted so recipe is not stretched out over several pages (so it's easy to print one recipe to take to the kitchen) you will LOVE this book. Try them all, you won't be disappointed!

Unique and common pie recipes including perfect pie crust recipes. No pictures or interactive table of contents but you can bookmark recipes to find the one you want faster.

This is the one recipe book that should be in every kitchen. After you use just one of these recipes, you will wonder how you ever got along without it.

Hillbilly Housewife never disappoints. I've learned so much from her over the past years. She gives self-publishing old-fashioned solid credibility!
