In Search Of A Help Meet: A Guide For Men Looking For The Right One

Synopsis

In today's world, finding that perfect woman is a difficult art or maybe a far-out gamble, and few there be that find the lady of their dreams. Making a good choice starts with knowledge of what you need, and how to spot the gal who has your number. Choosing the type of woman who not only turns you on but also relates well to you is the key to a glorious marriage. I guess the real issue is that most guys don't have a clue on how women tick and they sure don't know what they should be looking for. *In Search of a Help Meet* is a clear, focused plan for becoming a man of honor, getting primed for marriage and guidance in the search for the right lady. Michael and his wife Debi have been happily married since 1971 and have authored many blockbuster books on love, sex, and marriage.

Customer Reviews

Michael and Debi Pearl have done it again! Another excellent book-- founded in Scripture and full of practical, helpful advice for the young man searching for a wife. There is no more important relationship in life and making a wise choice to begin with helps make the 'long road together' a little more smooth---- You will appreciate this book for it's straight-talking encouragement and clear instruction in righteousness.

Couldn't put it down! Michael Pearl has a lot of great wisdom, and the book is filled with awesome real-life experiences from his life and ministry. Recommend it for any guy who wants to pick out a

wife for life. You will be glad you took the time to read this book.

I loved this book. It was so interesting and freeing to learn what men look for in a woman, and how they look for us ;) I would recommend this book to any man or woman! I wish more young men would read this book! Great and quick read!

Once again, Mike and Debi Pearl have put out a practical, DECENT book to encourage a young man as he begins looking for his future wife! The Pearls "tell it like it is" in a fun, clean manner! If your God-honoring young man (I would suggest age 15 or over) is interested in the young ladies, now is the time to give him this book! You will never regret it! Better too soon than too late! We passed out extra copies to our son's friends, too!

I purchased the whole set of 5 Help Meet books & Journal. On the marriage part, I would give a 5 star rating as the books had good advice. But the authors were very high on themselves and come across self righteous and underhandedly bash other denominational beliefs different then their own. So for that I give a big fat zero! (So I rated the books a 3 as that is middle ground) I had intended to get sets for wedding gifts but have changed my mind. I can not even recommend these books because of that attitude throughout ~

Great read for young men starting out or Old men starting over. The Pearl's have been touched by the Lord to share such inspiring information needed in today's society for finding a mate.

Some of Michaels best work. A must read for a young man looking for his wife. Also helpful to already married men;-). I promise your wife will thank you for it.

Our family has all of the help meet books and we have enjoyed them all! This one is intended for our son, but he's not quite old enough for it yet, so I read it to be prepared for when he eventually reads it. I have learned so much from these books as a wife, and I've also read the men's version, which I think has furthered my understanding of men and marriage in general. The Pearls have written a very helpful book for single men of all ages, but this would be most helpful starting at about age 14 or 15.
