## Customer Reviews

This is an elaborate collection non-player characters and monsters captured mysteriously in fine art... Each card displays name, type, ect... Worthy as a collectable or a device easily incorporated in a campaign setting... Includes all rare and normal numbered cards in the 1991 series...

The 1991 card set was complete, in great shape, and was exactly what I was hoping for. I plan to use it as an aid to creating more lively spur of the moment encounters, and to flesh out npcs the characters run into. Thanks! Also, well-packaged, and arrived in a timely manner.
