Extreme Grandparenting

Synopsis

Grandparents have a vital role in the lives of their grandchildren, not only as a mentor and loving family member, but as a spiritual rock during the hard times. Extreme Grandparenting helps readers understand how to make the most of the new role of grandparent and how to grow the next generation for greatness.

Customer Reviews

After I read this book, I ordered several more for friends! It is so timely and helpful for today's Grandparents! My favorite chapter - which I refer to often - is "Intervening Versus Interfering". There is also a chapter on step-grandchildren, and what to do when your grandchildren move in with you. Makes a great baby shower gift for the new grandma-to-be!

I'm finding this book very helpful in giving me ideas for improving my relationship to my eleven grandchildren, which is my new 2008 goal. I'm not having any issues, but I always look for ideas and this book is VERY inspiring and tangible!

I buy and recommend this book to all Grandparents. It clearly gives God's instructions on this exciting calling. I appreciate the practical and spiritual insights and applications. The prayer at the end of each chapter is just what this grandma needs. Each time one of my friends becomes a grandparent, I give them this book!

A great book with ideas and viewpoints that I had not even considered before. Sound, practical advice for those who want to make an eternal as well as present difference in the lives of their grandchildren (and children). I rarely recommend books but I highly recommend this one!

Really found this book to inspire me to be intentional about the opportunities I have to speak into our grandchildren's lives. My husband who is not a "reader" read it also and enjoyed it too. I have given it to a few other grandparents as well as those who are new grandparents.

This book was very helpful to me. It gave me a point of view from a child's eye and reminded me of my own grandfather. It brought things to mind as I saw them then. I think I will be a better grandmother now as I thought my grandfather was the best. I will be coming from where he was. My granddaughter and I are already on to a better relationship.

EXTREMELY valuable encouragement, teaching and advice! In today's society we see so many diverse families. This book is a great encouragement to love on our grandchildren while following Jesus!

It is a good study on being a "grand" grandparent. I liked it very much and would recommend it to any one wanting to improve their grandparenting.
