## Customer Reviews

Hard covered nice looking product. I actually appreciate the "retro" colorless images. The book contains a host of professions for the Darrian, Aslans of Darrian and Daryen characters, history, technical wonders, etc. I was once again impressed with the spacecraft and the section of The worlds of Darrien offering a comprehensive look behind into their area of space. The book was eagerly awaited and I am pleased to add it to my library of Traveller material.

This is a solid book, with better internal art than most in the product line. It provides a great deal of material for the Darrians which is readily added to a classic Traveller game.
