Florence's Glassware Pattern Identification Guide, Vol. 3

Synopsis

This book includes nearly 500 patterns not featured in the previous two volumes. A carefully planned close-up color photograph of a representative piece from every pattern shows great detail to make identification easy. With every photo, pattern names, the company which made the glass, dates of production, all of the colors, and quantity of pieces available, are provided. Essential when shopping at flea markets or online to aid in quickly identifying a piece and determining if it's something special. **AUTHOR BIO:** A collector since childhood, Gene Florence's hobby of buying and selling glassware turned into a full-time career. First writing a book on Depression Glass, Florence has gone on to author many popular glassware titles including books on Depression Glass; Occupied Japan Collectibles; Kitchen Glassware; Very Rare Glassware; 40s, 50s, & 60s Glassware; Elegant Glassware; Stemware; Glassware Pattern Identification; Anchor Hocking's Fire-King; Glass Candlesticks; and Salt & Pepper Shakers. **REVIEW:** This book is the third in Florence's set, with no repeats from the other two volumes. It saves collectors untold hours of research trying to identify things in their inventory. Hundreds of glass patterns are shown in detail for easy reference.

Customer Reviews

This is a great book for identifying old glassware patterns. I wish it had a price list, but there are other sources for pricing. It did help me identify patterns that I own. The pictures were great and the pattern easily seen.

Gene Florence has a series of three glass pattern books that are my bible for indentifying glassware. The pictures and details are very clear and informative. I use these books frequently when working with glassware so I know what I have or have seen. Highly recommend them.

The shipping was quick. The book was in great shape. I have the other three and needed this one and actually found the pattern that I was looking for. Thanks!

Wife likes all of Gene Florence's books.

Book was as advertised. Prompt shipping. Overall excellent!!
