Bovine Medicine

Synopsis

Thoroughly updated to reflect recent changes in the industry, *Bovine Medicine*, 3rd Edition, offers practicing large animal veterinarians and veterinary students a comprehensive reference to core aspects of contemporary cattle health and husbandry. New edition of a classic text, featuring thoroughly rewritten text, with coverage shifted to the core aspects of everyday cattle practice. Includes new focus on both applied skills and application of knowledge, along with many more full-colour illustrations than in previous editions. Represents a toolkit of skills that will support the delivery of contemporary cattle practice. Presents a seamless integration of information on husbandry, nutrition, and disease. Written by a wide range of experts from around the world.
