Customer Reviews

I received this book as a gift from a friend because he knows how much I love to golf. He also knows I collect golf balls. This book has interesting information about the evolution of the golf ball from its earlier forms through the transformation to what it looks like today. Did you know that there are rare golf balls worth \$20,000? More interesting information like that is throughout the book. All your guests will open it up and flip through it! I have more information about golf balls at:[...]

Bought this book on recommendation of a friend, since my husband is featured in the book..cant go wrong there! added it to our shelf of other memorabilia he is included in

A Great Read.
