The River, The Kettle And The Bird: A Torah Guide To A Successful Marriage

Synopsis

The unusual title, The RIVER, the KETTLE, and the BIRD refers to an age-old Jewish saying that describes three successive levels of peace found in a happy marriage. Based on traditional Jewish sources, this distinctive volume enlists the profound wisdom and insight of traditional Judaism to come to the aid of contemporary married life. A sound structure cannot stand unless it rests on firm foundations, and the focus here is to examine the necessary foundations of a fulfilling relationship: the goal of marriage, the criteria for choosing a mate, understanding the different natures of male and female, controlling anger and criticism, fostering love, giving and gratitude. The modern marriage, given today's complex societal state, finds itself under attack, and challenged from severe social and financial pressures; it can use all the support and fortification it can get. Deeply rooted in reality, not fantasy, this illuminating guide provides the essential tools and understanding all couples need to ensure a marriage that not only survives, but thrives.

Customer Reviews

People tend to be kinder to strangers, colleagues or friends than to their spouses! This book shows how speaking in a gentle, sincere manner will only enhance a relationship. It's written for men but women can certainly use the advice to speak to their husbands respectfully, as well.

This is a well-written book that addresses many marriages. It is written for a Jewish marriage but other faiths can find it very useful. As a woman, I found it enjoyable and enlightening. After 20+ years

of marriage it held many truths. It is written for a man but any woman can easily apply the same principals in reverse. A MUST for all to read! >^,,^

A wonderful book combining practical human behavior and understanding with Jewish law. Provided a very clear understanding of how to resolve issues in order to develop a healthy, loving, empowering marriage. Highly recommend it even if your not Jewish

Read it years ago in sem & liked it. Just recently bought it for my husband. Now if he'll allow me to read it to him I'll be happy. Definitely recommend!

The very best marriage guide for Jewish men.
