Customer Reviews

.This kit is a great way boost your child's self confidence and manual dexterity. Juggling is not too complex for children to master, it just requires a commitment and some practice. I really do like the way Bobby breaks everything down to its most basic parts. Master one step, then add the next. Before you know it, yer jugglin'. This book is aim at the child audience, which means that it will likely confuse the heck out of every adult in the house. So have the kids teach YOU how to juggle.

I only received a book, no balls. Not so much a gift set as a book:(Fail.
