Edge Of The Heat Box Set Books 1-7: Edge Of The Heat Firefighter Romance

Synopsis

On Sale. Steamy, swearing, mature topics, suspenseful. What if your ex-husband was an abusive, dirty cop, and he was convinced he would get you back someday. What if he was willing to do anything to make that happen? Do you think it would scare off your new boyfriend, a strong, hot firefighter? Not if he has secrets of his own ...Six full-length novels and one novella. 500,370 words. Over 1500 pages. Books 1-7 of the best-selling Edge of the Heat Series. This is the complete series (for now) and also includes three free books The Billionaire's Secret Kink 1. Unauthorized Affair, and Hide My Memories. Edge of the Heat follows four couples on their journey from disaster to happily ever after. Here is the synopsis for book one, but I don't want to include all of the descriptions here, because they include spoilers. Following a near death experience, firefighter/paramedic Emma Hill's world is turned upside down. Haunted by a vision of the man who could very well be her soul mate, Emma is desperate to find that man, but fear stands in her way. With a maniacal ex-husband determined to get her back, Emma struggles to stay clear of him or risk living a life riddled by quiet desperation and abuse. Fighting with a dirty cop is dangerous enough, but when that dirty cop is her ex-husband the stakes are raised to disastrous levels. Craig Masterson, the firefighter who saved Emma's life, finds himself falling for her. When he learns who her ex-husband is, he realizes that this is a battle he may not win. Choosing to love her is a deadly game. If he can stay alive, their love may flourish, but only if he can defeat her ex. Heat level: low (for this book - the rest in the series are moderate to moderately-high), suspense, thriller level: moderate. Some swearing. 18+

Edge of Heat This is 1500 pages in desperate need of an editor. If you bought these 7 installments as separate books you are screaming CLIFF HANGER at the top of your lungs! The plots are acceptable but they should be condensed into two or three books making sure to tie up the events so each book would stand alone. I read all seven installments in this serial. Thank heavens it stopped at 73% of the download. The remainder was made up of the beginning "books" in this author's other serials. Needless to say, I'd had enough by that point. The punctuation is missing in many places. The eighth thoracic vertebra is near the bottom of the scapulae not the top. Please note, this is billed as "the Complete Series." The author promises "book" 8 will be out soon, which means this isn't complete at all! An Editor might be able to straighten out the grammar errors such as verb tense and pronouns: "haven't drank" "you or him are going to die." There's also the use of the wrong word: "to good to be true" "highlighted in read" "two-land blacktop" "hitting her heard and heavy" There are dropped letters turning "they into "the." Possessive nouns aren't used correctly. Plural noun not given: "two night ago." The problems with geography: suggesting a drive from somewhere on the Sinai Peninsula to Kuwait with a severely injured person in under 3 hrs. Then there's a measurement given as "a half quarter from the trees." That's a new one on me. An editor might be able to fix the time frame which skips from 4 in the morning to having to hurry to get ready for an evening event all in one paragraph.
