After The Rabbit: Book Two Of The Waldo Rabbit Series

Synopsis

Waldo Rabbit is back! Waldo and Alice continue on their quest, now accompanied by the ogre Gronk. They are headed to Norwich, where they hope to find the third monster that will be Waldo's last familiar. But things are never as simple as they seem. An archlich, White Mage, and murderous rabbits all stand in the way. Yes, that's right, the murderous flesh eating rabbits make their appearance! Waldo is both the hunter and the hunted. Can he find his last familiar before his enemies find him? It looks like everyone is after the rabbit. Please visit my website www.nelsonchereta.com to see some of my unpublished work, as well as a preview of the next novel. The book has been re-edited as of 5/8/2014

Customer Reviews

What I would have liked to know before I bought this book. (no spoilers)1. What type of book is it: action, drama, etc? Unlike the previous book in this series, this book focuses in plot development. Thus, this installment is a fantasy adventure book with a strong dark humor edge. A lot of the hilarity from the previous book is lost as seriousness takes its place. It is no longer a simple 'laugh' book. The jokes become very coarse, relying on crudeness instead of the liberating humor of the previous installment.2. What is the story about, in general? This book suffers from a strong 'mid series'

problem. It is a stage book for a future installment. Though the book is about Waldo and his adventures, he doesn't really do much in this installment. Instead, the book focuses a lot on Lilit who conducts a few simple but interesting plots. Don't get me wrong, Waldo goes through a series of scrapes and events, but at the end of the book there is no real forward momentum and no goals are achieved.3. What/Who is the target audience? Young adult males and maybe those with odd senses of humor.4. Is there character development? Somewhat. Waldo has a particular role, and he evolves ... vaguely ... within the role. Everyone else is pretty much exactly as previously written. The new characters have certain comedic qualities that are offset by their savagery. The only exploration of characters comes from the evolving relationship between Waldo and Alice. Melissa is completely irrelevant in this volume.5. Are the characters likable? I found every character rather entertaining. Most are somewhat likable.6. Does the story keep its pacing? With certain trepidation, I say yes.
