Chinese Palmistry: A Guide To The Ancient Oriental Art Of Hand Reading

Synopsis

It was the Chinese who really developed the technique of reading palms to analyze people, and turned it into a science. This simple and practical illustrated handbook distills years of valuable information on the subject, enabling anyone to use this powerful tool to uncover details about a person's character, health, and future. Here are more than 200 extremely detailed readings, based on the five main lines and eight mounts defined on the palm; each interpretation has its own explanation and illustration. Find out how to read different types of hands, from the soft and delicate to the strong and compact; how to decipher fingerprints; and what each line and mount signifies. Figure by figure, learn what configurations of lines and bumps on the palm reveal selfishness, maturity, love and jealousy, good intuition in romance, artistic talents, a difficult old age, an impending accident, and much more.

Book Information

Paperback: 224 pages

Publisher: Vega (September 1, 2003)

Language: English

ISBN-10: 1843337401

ISBN-13: 978-1843337409

Product Dimensions: 6.2 x 6 x 0.7 inches

Shipping Weight: 8.5 ounces

Average Customer Review: 2.0 out of 5 stars [See all reviews](#) (2 customer reviews)

Customer Reviews

My was wasted. Hope my review would prevent you from wasting your money and time.

This book reads more like a series of flash cards than a book. There is an illustration on every page, and a very small write up of the line in question.
