# The Secret Of Excalibur (Excalibur Saga Book 1)

## Synopsis

More than 110+ 5-star reviews on [Amazon](#) and Goodreads. Hi, I'm Arthur Merlin. I used to be an ordinary guy, until a freak accident changed my life. Now my friends are afraid of me, and so am I. See, I developed superpowers: telepathy, pyrokinesis and telekinesis, to name a few. The US government wanted to control me. But how do you control someone who can teleport anywhere he wants to in a blink of an eye? Fed up with their shenanigans, I headed for the Institute of Psychic Research in London. But something is pulling me; calling me, and I don't know what. I ended up at Lake George, where sightings of The Lady of the Lake and Excalibur have been reported. With the help of Dr. Burns and Commander Dobie, we uncovered the secrets of the lake, but they're more than anyone imagined. What would I sacrifice to save the world from Excalibur?"...Sahara Foley is a literary magician...The Secret of Excalibur is a wonderful page turner right from the beginning."  
-Maria Beltran, Readers' Favorite- Bestseller in Arthurian Fantasy & Legend. Bestseller in Fantasy - Myth & Legend.

## Customer Reviews

I'm mixed on this one, which is rare for me. My two main gripes are the spelling problems and the sheer amount of hormone dances. I don't remember if there was a disclaimer on this one, but it needs a warning for sexual content. This is why librarians read books first before reading aloud to people. The Typo Bunny also has big pointy teeth and attacked pretty savagely. I have to wonder if perhaps the wrong draft got uploaded, or if corrections that were made didn't save. As for the levels of hormones I can understand that we're supposed to pick up that something is exaggerating everything for Arthur. That was a bit much though. Yes, parts were romantic, and ok there is that scene of swimming back up that I'll admit is going to stick with me and I somewhat wish I could experience. However the amount of such escapades almost had me giving up since the line was close to going from erotica to beyond, for me. There were also places where it went a little slow for me. It is harder to thumb ahead to skip the excessively naughty bits on a kindle. I really do not like giving such a low rating. This book isn't for everyone. It does have some good parts though. I had to actually think on this one as to where on the star chart it fell. Now for what I DID like. I really enjoyed this modern day take on the Arthurian tale. I enjoyed the combination of the roles of Arthur and Merlin. Some of the characters were more fleshed out than others. The interplay between characters was pretty believable. The god-level amount of powers was adequately shown to have limits and drawbacks, even to the point of such actually being able to be thrown off. I have to wonder what the beer in those square cans was actually wreaking on them when drunk. I even actually felt equally for Daisy and Ruth in this.
