Customer Reviews

This is a nicely done collection of short stories. It was good to see some favorite authors in this anthology and discover several new-to-me authors whose stories have me wanting to read more of their work. The mysteries in this collection were easy reads that were both engaging and entertaining and just enough of a tease to whet your appetite for more.

With things that go bump in the night and ghostly graveyards this Halloween/ Fall edition of Happy Homicides will surely give you chills and thrills! Halloween and Fall have come early and this group of 12 authors know how to pack a great mystery in a bunch of short stories! ! This book is great if you don't have a lot of time to read but need a quick cozy fix! Each mystery is different and long enough to get to know the main characters which helps a lot if you are looking for a new series to start! I highly recommend this book and I hope there is a Happy Homicides 5 coming soon! If you haven't read the previous editions don't forget to try them out also you can't beat the price and each has a different theme with some different authors!

A wonderful collection of short stories. I am familiar with most, but not all of the authors. I am only halfway through this delightful group of cozies. So far, so good! I am thrilled to be discovering new-to-me authors and also enjoying familiar characters from authors that are on my must read list. Don't miss out on this bargain bunch of entertainment. An advance reader copy was provided by one of the authors. I am thrilled she offered it to me. I don't usually read short stories or novellas, but I am thoroughly enjoying each and every one.

This was an interesting selection of stories! I am not a fan of Halloween, but found some of the various stories quite fun reading. Happy Homicides 3 was fun to read as well. There were some laughs and yes murders to solve. Happy writing everyone!

Another fun collection of authors I read regularly and some new (to me) authors that help me add to my reading pile. My favorite is Joanna Campbell Slan and she has two stories in this collection. The first, a story featuring Cara Mia, who owns a shop in Florida that sells re-purposed, recycled art. She always adds such depth to her stories by detailing Florida history that enhances and compliments the story. I always learn something with every book, as well as re-visit some characters that seem like old friends. The other story was with Kiki Lowenstein, who owns a scrapbooking store in St Louis. Its a short snapshot of her family life on Halloween. Its a funny short that adds to her storyline. Other stories in the collection are also engaging and make you want to check out the previous books. Great set of cozies to sample, at a great price as well. Grab this collection, a warm drink and cuddle on the sofa with a blanket and lose yourself in the pages of these books!

This is the perfect read to welcome Autumn! This collection of cozy shorts is easy to read while waiting on appointments, fetching the kiddos from school, or on your lunch break. The themes fit the spooky cover well. I loved those crafted by authors I enjoy, including Anna Celeste Burke, Nancy Cohen, Joanna Campbell Slan. The new to me --- Teresa Trent, was fun. Actually she was something I enjoyed in every story. One cannot go wrong with 12 lively tales for the price. There are three previous collections as well. I was gifted with this copy in exchange for an honest review.

I'm always excited about these collections of short stories and novellas put together by Joanna Campbell Slan. This one did not fail to entertain me. Each of the stories comes from a background of characters found in the author's larger writing. If I haven't read them before, I'm often intrigued enough to purchase others in the series. Thank you, Joanna, for giving me more happy reading opportunities.

This is another great compilation of stories. This is the fourth anthology and I have to say that I am please with all the authors. Nothing is better than a good mystery and I found these to all be easy reading. You might even find a new favorite author. Some of my favorites are Joanna Campbell Slan & Terry Ambrose. I am now adding several of the others to my regular reading list. Please note that I

was given an advance copy for an honest review.
