Warman's Majolica: Identification And Price Guide

Synopsis

Majolica pottery is among the most sought after in today's art pottery market. Warman's [registered] Majolica offers collectors a comprehensive guide to this style of ceramics, complete with 1,200 stunning full-colour photos. Majolica pottery from Minton, Wedgwood, George Jones, Worcester and Lear and Chesapeake Potteries are represented in the 1,200 listings and colour photos of this extensive resource. Detailed descriptions, up-to-date prices and tips on deciphering fakes and reproductions assist collectors in accurately identifying a family heirloom or the result of several antique hunts. This is an essential guide for any Majolica enthusiast and an easy and detailed introduction for would-be collectors.

Customer Reviews

I was trying to find out more information about Majolica. This book was a good start. The pictures are great and offers a lot of information. I really enjoyed this book.

If you want to identify majolica pieces, educate yourself on the background, or just look at the variety of beautiful pieces produced, you will enjoy this book. I refer to it often.

My mom was an antique dealer and she always went to her Warman's for information. This Majolica book has clear pictures and descriptions. The only drawback, with it being an older printing, is that

the prices are not as valid and more research would be necessary.

The book was delivered in a very timely manner and in very good condition despite it being a used book. The pictures are beautiful and I did find a picture of the majolica jardiniere I had just bought and I was very excited about that. But since this book was published in 2005, I'd like to know whether the prices estimated in the book have gone up or down. It needs an update.

the pricing method, left a lot to be desired the lumped together items priced as one lot, seemed lazy. To go to the trouble of putting the very professional looking pictures and not going the extra time it would take seemed lazy. I understand the book is not up to date, but it could have a ballpark figure to each item.
