Customer Reviews

When my daughter and I were previously looking for information on Gandhi very few picture or small chapter books were available at our public library, and only very lengthy documentaries on youtube.com. Thankfully the other day I was searching through our school library shelves and I found this informative and interesting picture book biography. Other than skipping ahead rather quickly from his time studying in England to peacefully protesting later in life, this was a great read about this amazing man whose works still reverberate through numerous regions and cultures.

An inspiring introduction for a young reader into Gandhi's philosophy and motivation. Thank you!
