His Mistress For A Week (Harlequin Presents)

Synopsis

What happens in Monte Carlo? Ten years ago bookshop assistant Clementine Scott clashed spectacularly with architect Alistair Hawthorne. After the humiliation of that night she swore she'd never have anything to do with any man ever again, especially the arrogant Alistair! But when Clem's brother disappears with Alistair's stepsister, she isn't given a choice; she will be going with Alistair to Monte Carlo to retrieve them! Forced together for one week, they quickly realize that their enmity masks simmering, sizzling lust. They strike a deal: for one week only, all bets and clothes are off!

Customer Reviews

WOW MS Milburne knows how to write a story that gives the reader an emotional journey to a HEA one that will keep you smiling as you turn the pages I love the feelings that she brings out in me as the reader while I get to know the characters. Clementine Scott, Clem as she likes to be called has lead a pretty rough life growing up with her beautiful mother who flits from one man to another, Clem's father is not around and she has a half brother Jamie that she cares very much for. She has body image problems stemming from a terrible time at the age of sixteen although she is beautiful now

she is still not convinced, she works hard with books old books collecting them and is always looking out for them. But when a blast from her past walks into the shop she is stunned and reminded of her teenage years Alistair Hawthorne was back in her life and when he insists that she accompany him to Morocco looking for his step sister who has run off with Jamie where will this lead? Alistair is furious when his step sister runs off with none other than Jamie Scott he has not seen Clem or Jamie for ten years when his father has a fling with their mother but he needs to get his step sister back and there is only one person who can help and there is a spark when they meet again Clem has grown into a beautiful woman who appears to be strong but with a vulnerability to her how long will he be able to deny this pull? Yes pick this one up sit back and enjoy you will not want to be disturbed while jetting across Morocco and getting to know Alistair and Clem and see them enjoy a very sensual journey that opens up a lot of wounds from the past but in turn helps them fall very much in love I do highly recommend this one it really does tick all the boxes that a beautiful romance requires I loved it.

There aren't enough adjectives in the English dictionary to describe Melanie Milburne's latest offering to Harlequin Presents. His Mistress for a Week swept me away from page one. The angst. The drama. The intense scenes. The provocative writing... It took my breath away! I savored every sentence. I growled expletives at Alistair, such a brute at first. I cheered Clem on when her razor sharp tongue and inward dialogue sliced Alistair to shreds the dialogue between H/h held such weight. It provoked and it tantalized. It's been ten years since Alistair and Clem laid eyes upon each other. Then one day Alistair waltzes back in town and uproots Clem from her quiet, non eventful life. It's a storm between her and Alistair who would not take no for an answer. But they're but determined to have their own way but Alistair is convincing enough to persuade Clem in the most ruthless way. Want to know what happens next? Just imagine having these two hot headed and temperamental rivals together | Explosion. I thoroughly enjoyed this delicious story and highly recommend it to all fans of romance! You won't be disappointed. Highly, Highly Recommended 5 Stars

I really felt for Clem. Having a father in jail and a mother who was incredibly useless. Bringing up her younger brother and continually being used for money by her waste of a space of a mother. She had a lot to deal with. As well as having very low self esteem about her weight. She continually put others first and forgot about her own needs. Then we have the hero Alistair. His mother was terminally ill with cancer. And his father couldn't deal with it. So he met Clem's mother and moved

her into his house. While the mother was dying in hospital. It's a lot for Alistair to deal with, losing his mother and another woman moving into the family home with her two kids. Fast forward to the present time, and Alistair has been left in charge of the teenage daughter of one of his father's exes. He intends to ship her off to boarding school. Harriet isn't happy with this, and ends up running off to the French Riviera. With Clem's little brother Jamie. Taking Alistair's car and money. Alistair hunts down Clem at the bookshop she works at, demanding she comes with him to hunt down the runaways. While away things get steamy between them and quickly passion becomes love. Can they find ever-lasting happiness despite the issues holding them back? Another fantastic book by Melanie Milburne.

His Mistress for a Week by Melanie Milburne I feel that Melanie Milburne is one of my favorite authors. This story between Clementine Scott and Alistair Hawthorne was so intriguing. Clem's brother, Jamie disappeared to Monte Carlo with Alistair's step-sister Harriet. Harriet seems to be a good influence on him. They had taken off with Alistair's car though. Alistair decided that Clem needed to come with him since she would know how to handle Jamie. Forced then to spend a week together they finally realized they had a craving for each other. Alistair was more experienced than Clem, however in his arms she came alive. When Clem had encountered Alistair ten years ago it was not that way. Alistair and Clem did not have great role models to grow up with. Clem's mother cared about herself and being with a man even if that man treated her children badly. She was always calling Clem for money for this or that. Alistair's dad had an affair while his mother was dying. Alistair felt the loss of a brother and his dad had taken down all the pictures of the little 2-year brother and that hurt him. Jamie and Harriet were good for each other and had found jobs and were becoming happier and stable young people. Harriet was now okay with going on the boarding school. Jamie had decided to try to work his way into hospitality and make that a career choice.
