Racquetball Gear Guide

Synopsis

Racquetball is definitely one cool sport to play! The good news is, With just a few equipment to play, racquetball is very easy to get into. The better news is, you don't have to search elsewhere to be good at this sport. Racquetball Gear Guide provides you with complete and juicy info of everything you need to know about buying tips for racquetball equipment. With constant practice and the guidance of Racquetball Gear Guide, you might just be the next Marty Hogan, Peddy Steding or Paola Longorita - the world's greatest racquetball players the world has ever seen!About the Author: During his early years, Bradly Cooper was a champion racquetball player and at several times had the honor of representing his school in various tournaments and competitions. After graduating from college with a degree in management, he has worked as an assistant racquetball coach for a couple of years before becoming a full-time racquetball trainer at his hometown's local sports club. There, Bradly gave introductory lessons and taught beginners and intermediate players the fundamental strategies that would suit their individual playing styles. He even met his wife, Angela, at the sports club where she was also one of the trainers. With both of them sharing the same passion for racquetball, the couple instantly connected and a love affair which started in a racquetball court ended up in marriage. Aside from playing racquetball, Bradly also enjoys other sports such as golf and swimming. He now only teaches part-time at the club and currently manages his own racquetball shop, LaMesaRacquetball.com

Customer Reviews

I did not read the title very closely as i was expecting a book on pickleball. Unless the same advice applies to pickleball equipment, it was a waste of time and money. I bought it because it came up in the kindle section for pickleball books.

This was a great book. I am a tennis player and wanted to learn the tricks of racquetball. This book was a perfect fit for my needs because it had everything I needed, tips and importantly rules. I have also learned some things that I could use in Tennis. The only thing this book needs is a video to go along with it...

A worthless book as it does not provide any information that can be found on a retailer's website. Was looking for brand & model recommendations and this is not the book for that.
