The Best Wine Bars & Shops Of Paris: Fifty Charming And Notable Cavistes

Synopsis

In this guide, you will find everything from establishments that have been serving Paris for a century or two to neighborhood cellars, conventional purveyors, hipster hangouts, and even ventures “as the French publisher says “with no œcomplexes” whatsoever. Some places have the traditional barrels on the sidewalk, old-fashioned wooden cubbyholes for storing the bottles, creaking floorboards, and shopkeepers in starched white aprons; others have ultramodern decor, sleek and streamlined design, waitstaff in jeans and sneakers. Beyond appearances, each cellar has its own approach, its own philosophy, and producers it swears by. One merchant may carry prestigious luxury vineyards; a second, bargain terroir wines; the third, 100 percent organic vintages; a fourth may offer wines for collectors. This is a cross-section of fifty reputable and distinctive shops and an excellent map for those wishing to navigate the wine merchants of Paris. The notable wines offered by each shop are highlighted, and there are lots of places that serve light meals “or even something more substantial” making *The Best Wine Bars & Shops of Paris* a great restaurant guide, too.

Book Information

Paperback: 176 pages

Publisher: Little Bookroom (May 6, 2008)

Customer Reviews

This book is not helpful if you are trying to find a wine bar to actually drink wine there as opposed to buying a bottle to go. There is no differentiation between the two. We were unable to tell which places actually had wine to drink.

Purchased as a Christmas gift for my wife who just LOVES Paris. The intention was to give her an armchair fanciful reading tour of her favorite place. I didn't intend for it to be a take along tour guide book. Pretty pictures inside.
