Customer Reviews

You cannot go wrong with this book when dealing with international law. The language is simple, clear and to the point. The chapters are thorough enough and cover topics such as Law of the Sea, State Immunity, Diplomatic Immunity, Sources of Law . . . all topics which are currently included in my school's International Law course. This book was recommended to me by a professor and it has lived up to my expectations.

Although the delivery was late, the book is good and well packaged. I recommend it to others for

use

It is written and organised very poorly

The book was decent but really boring. Too many facts and not enough opinions. I would rather read the ingredients to a twinkie!
