Oneness

Synopsis

Every now and then a book comes along that is so powerful that words cannot describe the experience people start having when they read it. These rare, life-changing books always seem to show up at the perfect moment in time, exactly when we all need it the most. *Oneness* is such a book--one that will change your life. In February 1998, Rasha began a profound dialogue with the universal Presence, "Oneness"--the Divinity we all share. Word for word, she transcribed the principles for a new understanding of the mystery we call "life." These teachings empower us to take a quantum leap into our own inner depths and totally transform our lives--and our world. *Oneness* gives humanity an astounding new vision of who we really are--and where we're headed. Here, we discover clues that inspire us to create the kinds of lives we long for and help us release the energies that prevent us from realizing our dreams. We learn to recognize the emotional patterns that undermine our best intentions. And we start to harmonize with the powerful energies building all around us--and with the power of Creation that's driving it. *Oneness* speaks in a voice that reaches out to the heart of each of us. The words are personal--and the experience of embracing the understandings they hold is transformational. We come away from the simple act of reading feeling like we've been touched by something indescribable--and holy. Filled with astounding metaphysical concepts and catalysts for change, *Oneness* takes us to the outer reaches of our own humanness and to the depths of the Divinity within. Reading it becomes a sacred, experiential journey that leaves the reader empowered with timeless tools for real transformation and a clear roadmap of the inner path to enlightenment.

Book Information

Paperback: 408 pages

Publisher: Earthstar Press; 2nd edition (February 15, 2006)

Language: English

ISBN-10: 0965900312

ISBN-13: 978-0965900317

Product Dimensions: 6 x 1.2 x 8.9 inches

Shipping Weight: 1.4 pounds (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (166 customer reviews)

Best Sellers Rank: #83,933 in Books (See Top 100 in Books) #24 in [Books > Religion & Spirituality > New Age & Spirituality > Self-Help](#) #123 in [Books > Religion & Spirituality > New Age & Spirituality > Channeling](#) #189 in [Books > Religion & Spirituality > New Age & Spirituality >](#)

Customer Reviews

When I spotted this book at Barnes & Noble and took a glance through it out of curiosity, I didn't expect THAT to be a life changing moment! But it was. The book looked interesting, and having read the Seth books and the Hicks books as well as the Sanaya Romane books, I decided to order this on , though I thought it would be more information about the same as the other books (all of which are very good, by the way!). When I started reading this book, I was struck by the personal way in which it was written. It spoke directly to me, it described stages of my life I had been through and am going through. I almost expected to see my name inserted among the pages, it spoke so directly to me! But as I was reading this book, everything in life began to make sense to me. It was like I was standing above myself and looking down at my life with detachment and objectivity. I could start to see how all of life fits together. It's all energy. Something started to click for me. I had wondered how shamans claim that they go to underworlds and experience levels of reality the rest of us cannot fathom, and yet others are reiki Masters and move energy through them for healing purposes, and yet others still practice wicca and with ritual bring about the changes in their lives that they desire, etc. How could all these people be right about what they do? How could all these things exist at once and each of these methods work to bring about change? Well, it's because it's all movement of energy and desire. With driven intent anything can be brought about into manifestation. Ahhh ha! Now I get it! If you liked "The Secret", well then this is the next level. It's about more than the Law of Attraction.

"Oneness" is one of the most astounding books we've ever read. It presents a rich and multi-dimensional perspective of our journey through this world that encourages us to live life fully and embrace our lessons. This book pulls no punches regarding the adventures that one encounters on this journey from the prison house of reactive ignorance to the palace of eternal light. "Oneness" also reveals the nature and impact of the accelerating energetic environment on our physical, emotional and subtle bodies. It provides the insight necessary to traverse these times when many of our habits and cultural structures tend to keep us in patterns that are unfavorable to the ascension process. "Oneness" is full of third eye-openers that encourage us to observe Life from many different perspectives. A few of our favorite tasty morsels that exemplify themes many of us have struggled with are as follows: * The role of adversarial relationships in our journey. * How our reactions to expectations (theirs and ours), impact us. * The underlying causes of our circumstances,

including health issues from an energetic perspective.* Why it is increasingly difficult to remain in relationships where harmony seems to be on permanent vacation.* Why it is essential for each of us to "find our own way." (Hint: No one else can! Would you really want it any other way?)The possibilities for all of us are wide open at this point and "Oneness" suggests that each person's journey is custom designed and delivered by none other than the said person. I love this, not only because it is completely "empowering", but also because it levels the playing field. In short, no one else can determine the right path for you, but you...
