Customer Reviews

Rented for a college class of course but this book was really great! I wish I still had it to reference some business law topics that come up in conversation. I was expecting it to be extremely complicated language but it was very simple and easy to understand.

This book is what I needed but it's in poor condition. The binding is very wore out and the book looks as though it's ready to split in half. Where do I post pictures of the poor condition? I want to ensure I'm not charged for damages.

Book is what I needed and delivered on schedule. The binding on it is a little worn out. Otherwise, exactly what I needed.
