# Webster's Third New International Dictionary Of The English Language

## Synopsis

Webster's Third New International Dictionary, Unabridged, is the largest, most comprehensive American dictionary available, containing over 472,000 entries, 14,000 new words in a special Addenda Section, 3,000 illustrations, and 140,000 etymologies describing word origins. Boxed hardcover, buckram binding, thumb-notched.

## Book Information

Hardcover: 2662 pages

Publisher: Merriam-Webster (1993)

Language: English

ISBN-10: 0877792011

ISBN-13: 978-0877792017

Product Dimensions: 9.5 x 4.1 x 11.8 inches

Shipping Weight: 12.5 pounds (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (133 customer reviews)

Best Sellers Rank: #141,855 in Books (See Top 100 in Books) #82 in [Books > Textbooks > Medicine & Health Sciences > Reference > Dictionaries & Terminology](#) #110 in [Books > Medical Books > Medicine > Reference > Dictionaries & Terminology](#) #113 in [Books > Reference > Dictionaries & Thesauruses > English](#)

## Customer Reviews

This review is unavoidably dichotomized: one is for the dictionary and one is for the publisher. As for the dictionary, I have to express my deep admiration for Webster's Third New International Dictionary: it is in my opinion a wondrous dictionary, the best I have ever used. I am a researcher and I extensively use English in writing. For so much time I have rested upon imprecise or unclear dictionaries. When I came across the Webster's Dictionary I found the foremost authority in English dictionaries. The feature I most appreciate of this dictionary is that, unlike the other ones, it is based on multiple concise definitions for most words. That is, it explains meanings by means of two or three (sometimes more) different sentences which are always brief and pellucid (instead of one definition consisting of a long unwieldy sentence). Thus, the reader's cognitive effort in understanding is much smaller. Numerous examples help readers to understand every nuance of the word: the sources are diverse (literature, science, history, philosophy, etc.) and cover a wide range of contexts. Many usage notes provide synonyms and help the reader to distinguish semantically related words. I suggest anyone to buy it at once, and I also suggest to carefully read

the guide to the dictionary and to the pronunciation: you will find that the Webster's Dictionary is a very powerful tool, a lot of information is conveyed, more than you might think before reading the guide. As for the publisher, I agree with the review entitled ``What a piece of junk'', and I would like to address one word to Merriam-Webster: lazy! You are very lazy. Webster's Dictionary is a petrified dictionary, no revised edition has been made from 1961. I am astonished, I wonder what you are doing.
