Synopsis

5 No-Cry Sleep Solutions to Help Your Child Sleep Through the Night** Limited Time Bonus - 3 Free Insightful Reports on Solving Those Most Everyday of Parenting issues. INSIDE THIS BOOK. **Learn How to Help Your Child Sleep Through the Night! Does your child not yet sleep through the night? Are you constantly exhausted from lack of sleep? Getting your child to fall asleep on their own, without a lot of tears, can be difficult for everyone involved. While you have heard a lot of advice in the past from parents and others alike on how to get your child to sleep, many of them have either not worked, or resulted in tears for both you and your child. This guidebook looks at the best ways that you can get your child to fall asleep on their own with no crying. Some of the things that you will learn are the main reasons why your child is having trouble falling asleep, the bedtime solution that will help them to sleep on their own, how to avoid late night visits to your room, some of the night terrors and other sleeping issues that might wake your child up at night or influence their sleep, how to get your child to wake up in the morning, and the nap-time solution that can make things go so much more smoothly. In this book, you will learn how to effectively deal with and overcome: Baby Co-sleeping vs sleeping in a crib, Reluctance to move out of the crib and into a big-kid bed, Difficulty Falling asleep, refusal to go to bed, and Bedtime Battles, Nighttime visits to the parents' bed, Can't settle without the parent or sleep prop, Sleep Terrors, Sleepwalking, Night-time fears, Snoring, Bedwetting, Head banging, Teeth grinding, Early Morning Rising, Difficulty waking up and daytime tiredness, Nap-time requirements and strategies. Customer Reviews

It's a really helpful book. A perfect thing for young parents. There are simple tips and useful information. It runs about the reasons for having difficulties with getting the baby to sleep, sleeping methods and scheduling baby's day. Children grow while sleeping that's why it's necessary to take care of their sleep. When a baby sleeps well parents can have some rest too and don't need to worry.. If you're young parents, this book is worth your attention.

I believe that this book, My Child Won't Sleep Through the Night, will be able to help a lot of parents out there. The book made a very profound discussion of the 5 tips/solutions in solving some issues as to why our babies are not having that proper sleep at night--or they just won't sleep at all. Parents, especially the first timers, must have a good read of this book.

I recommend this book to every parent out there. You may be one of those whose child has this kind of problem. It really is difficult for you and your kid. Well this book can help you solve those. The author compiled the most effective information and strategies. We can follow the instructions very clearly because it is done so well. Itâ™s the aid that we are looking for. This book deserves a good rating.

Very effective! My baby girl sleeps very well now. We started her a week later then was recommended because we wanted to be sure the baby were ready. All the steps were easy to follow and they really worked. Make sure you and anyone else who is responsible for overnight care of your baby are in agreement on how to follow the instructions in this book. So much worth recommending!
