Customer Reviews

Don't get me wrong. I LOVE the Norton Reader and every single essay in it, BUT I bought the Kindle edition and imagine my surprise when I realized that I couldn't change the font size to make it bigger so I could read without my glasses. Imagine my surprise when I realized that if I wanted the font to be bigger at all, I'd have to hold the Kindle in landscape position instead of portrait position - not comfortable and not good. If you're going to buy the Norton Reader, and I highly recommend the book itself, do NOT get it in the Kindle edition. It does NOT operate like all of your other Kindle books and I don't understand why. I have other anthology books that are "readers" and they all allow me to increase the font size to whatever is comfortable for me. This book - in the KINDLE edition - is a HUGE disappointment. Shame on you, ! You should have put a disclaimer next to the Kindle edition so we'd know. I'm very disappointed.

Can't change font size. Won't download on all devices. This edition stinks.

I got a hardcover Norton Reader book at a fair price and it was shipped new and neatly. I recommend purchasing it if your in need of this book.
