Product Dimensions: 9.2 x 6.5 x 0.8 inches

Shipping Weight: 14.4 ounces

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (5 customer reviews)

Best Sellers Rank: #714,198 in Books (See Top 100 in Books) #33 in [Books > Reference > Writing, Research & Publishing Guides > Publishing & Books > Bibliographies & Indexes > Religion](#) #69 in [Books > Textbooks > Reference > Bibliographies & Indexes](#) #1142 in [Books > Reference > Encyclopedias & Subject Guides > Religion](#)

Customer Reviews

Dr. Bauer's collection of significant works is very helpful to the student of theology and exegesis. He states his focus as being for the seminary student, but this will help anyone find the most well-regarded (or "standard") books on the topics covered. His selection is split into 4 major topics: The whole Bible, the Old Testament, Early Judaism and the New Testament. Within these topics are 118 subtopics dealing with commentaries on each book of the Bible, atlases, concordances, lexicons, histories and theologies. An author index helps tremendously when trying to find information on a specific book. Dr. Bauer's introduction states his presuppositions in selecting these books. They are: 1) Biblical interpretation is the foundation of ministry and discipleship and should be pursued with all seriousness. 2) Direct study of the text should be primary, with secondary sources being considered. 3) There is value in encountering interpretations from various periods and theological traditions. He has a 2-tiered rating system consisting of HIGHLY RECOMMENDED and ALSO SIGNIFICANT. Those that are highly recommended include a short paragraph describing the

book's contents, strengths and weaknesses. Those considered also significant merely list the citation of the book without the descriptive text. While a one-liner about the also significant books would be helpful, it would also turn this list into a massive size unsuitable for easy transportation. In its current state, it can easily be carried to your local new or used bookstore for reference while buying. As he stated in his introduction, any list like this will draw criticism, as everyone has a different opinion.
