Building Simple Furniture: Storey Country Wisdom Bulletin A-06

Synopsis

EASY-TO-BUILD PROJECTS FOR THE WEEKEND

WOODWORKER! Look over the variety of simple wood-working projects in the bulletin and you'll quickly find something that deserves a place in your home. A small table for the hallway, perhaps, or an Adirondack chair or picnic set for the deck or garden? The good news is that you don't need to be a master carpenter with a basement full of power tools to craft these handsome and practical items. With a few simple hand tools and Cathy Baker's step-by-step instructions and easy-to-follow illustrations and diagrams, you can build sturdy, durable, beautiful wooden furniture that you and your family will enjoy for years to come. Projects include: Wall shelf, Small bench, Picnic table and benches, Adirondack chair, Pump lamp, Step stool, Storage box, Side table

Customer Reviews

Hey! The diagrams for the furniture are pretty straight-forward, and I think I could do them if I tried, however you can't really read how to do these things unless you have some rudimentary knowledge in diagrams of this sort. For instance, what in the world is a 4-penny finish nails cardboard for

patterns? There is no explanation, no vocabulary help in this book. And the diagrams are all sketches, not pictures, so no color. It is difficult for me to understand this book, but it's still simple enough that I think I could decipher it if I sat down and tried to make these products. One last forewarning: It's a 32-page booklet. Not a large book on how to do a whole bunch of techniques or anything of that nature. Just a little booklet with some projects you can try to get yourself started on the road of making your own furniture. Hope that helps all you potential buyers, and happy reading! Luv ya, Tashi :)

hubby likes it

If you want to build the furniture they show, all is well. I just didn't happen to care for what they had.
