Crushing Small Stakes Poker Tournaments Volume 03

Synopsis

This poker book made up entirely of 50 unique hand examples taken from small stake, fast structured No Limit Hold'Em tournaments, which is the most common game Jonathan Little's students play on a regular basis. Most poker players start by playing small buy-in events at local casinos or online poker rooms and end up losing a lot of money because they fail to learn the optimal strategy to beat this game. You will discover that almost all of your major decisions are made before the flop in small stake live tournaments. The hand examples presented will all discuss preflop situations. Allow Jonathan Little, a two time World Poker Tour champion with over \$5,800,000 in live tournament winnings, to show you how to transform your game so you can quickly move up to the high stake games, even if you don't have a large bankroll right now. If you study all the hand examples in Volume 1-14, you will learn how to tackle over 700 individual preflop situations you will encounter on a regular basis at the table, allowing you to effortlessly make optimal decisions in the heat of battle. For a more in depth discussion on tournament poker, please look into Secrets of Professional Tournament Poker, Volumes 1-3.

Customer Reviews

This whole set will be an incredible tool for anyone who does not want to or have access to play in

the "big ones" but instead has a local poker room or takes a trip and has opportunities to play smaller tournaments. Since the rooms are using the tournaments to get people in the door, they don't play as deep which puts the player in critical phases much earlier. Each of these volumes addresses the phases of play and provides for not only a good instructional text, but the format is great for a quick recap before you hit the road to the poker room

Perfect as 1 and 2. That's the way to play 180 person Turbo SNG on STARS. It works much better if you watch JL movies too.

Is the best way to practice and advance in poker. Excellent Book. Is a practical approach to the real game issues.

This entire series is posed as a series of situations followed by recommended actions and explanations. I like the series, but on my Kindle Paperwhite, I am unable to expand the pages for some reason which occasionally makes them hard to read

The Little series is an absolute must for any stage of play. He has certainly excelled at all levels. Jonathan has a unique gift of not only being able to play but he can teach. This is a must read
