Tacos: Authentic, Festive & Flavorful

Synopsis

Celebrate one of America's favorite family dishes in this entertaining and informative cookbook, filled with delicious recipes for tacos. From old standby dishes to taco truck favorites to more ambitious varieties like the Spicy Hot Fudge Taco, this book contains something for every fan of a dish that's both simple and soul-satisfying. Taco obsessive Scott Wilson includes such delights as tacos de cazuela (a slow-cooked filling heaped straight from the pot onto tortillas), sautéed tacos, and fried tacos. Along with meat and vegetarian options, recipes include appropriate sides, salsas, drinks, and desserts. Featuring color photographs throughout, this complete cookbook also discusses how to make tortillas from scratch and contains sidebars that explore the more exotic tacos and ingredients, and a guide to creating your own taco party.

Customer Reviews

I just received my copy of Scott Wilson's book Tacos, and I am absolutely delighted. I am a good cook who loves cooking authentic Mexican food. I am drooling. This book will add depth and dimension to my taco skills. Wilson's pursuit of taco truck cuisine and home style Mexican food is very similar to my own love affair the food of Mexico. Heidi Larson

i am a lover of cookbooks, and this one caught my eye! I love the in-depth recipes, the "taco tips" and the outcome of all the tacos i have made from the book so far! thank you Mr. Wilson for sharing your culinary knowledge with us! I also did a search on the internet on this book and found the website [...], a great companion site to the book!

Great book with many wonderful ideas for one of my favorite foods - TACOS! What this book does is put the gears in motion where you realize that you can put just about anything inside a flour or corn tortilla with the right dressings and have a wonderful eating experience!

great recipes! a true celebration of the taco, complete with "how to throw a taquiza" (taco party). Tacos, garnishes, cocktails and side dishes from simple and traditional to exotic marinades with coffee and red wine (which were so well received at our taquiza that we chefs were left sniffing an empty pot!). Enjoy!

It has very good recipes and very well explained the best variety of tacos and that accompany them but very few photos but are easy-to-follow recipes.
